Student Of Eastern Samar State University Guiuan Campom
Since 2020 - 2025
Brgy. Salog Guiuan E. Samar

BS INFORMATION TECHNOLOGY
4th Year Student
Internship Program

ABOUT ME

I'm an aspiring software developer with a deep desire to learn, grow, and someday be part of the tech industry. I'm passionate about building creative solutions and continuously exploring new technologies. Here's a glimpse into my journey and the dreams that keep me going.

PROJECT

Air Quality Monitoring Device With Alert System

Backend Nodejs (Express.js)
Frontend ReactJs
Device C++

An IoT-enabled system that tracks air quality metrics in real time and sends alerts when pollution levels exceed safe thresholds. Includes a dashboard for data visualization and device management.

Eastern Samar Weather Simulator

HTML, CSS, JavaScript

Open Weather Street map

A location-based weather simulation dashboard that visualizes forecast data using interactive charts. Tailored for Eastern Samar with real-time updates via OpenWeather API.

My Porfolio

React

TypeScript

A personal portfolio site showcasing projects, skills, and contact information. Features smooth animations, responsive layout, and clean design for professional presentation.
